Mega Capacity

Do laundry a little less often. With 7.3 cubic feet of capacity, this dryer handles really large loads. Saving you time and energy.

EasyLoad™ Door

The dual-opening options of the LG EasyLoad™ door make loading and unloading the dryer easier than ever. Transferring wet clothes from the washer? Simply press the release button and pull the door down, hamper style to keep that stray sock from hitting the floor. Removing dry items? Swing the door to the side to clear the way for your basket below. Even tight spaces and challenging laundry-room layouts are no match for versatility like this.

Steam Sanitary™ Cycle

Wash the unwashable. You probably wish you could clean your throw pillows or children's toys. With the SteamSanitary™ Cycle, you can. It uses steam to safely sanitize items marked as non-washable.

Accurate Drying

LG's Sensor Dry System measures the moisture levels during the cycle and automatically adjusts the drying time, assuring you get dry laundry every time.

Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.
