

Feature

- **SEVEN COOKING MODES:** This state-of-the-art steam oven can be used to steam, grill, defrost, warm, ferment, steam and grill at once, and traditional convection baking. Unlimited dishes from pizza to steam fish to grilled chicken wings can be made with this oven.
- **TEMPERATURE PRECISION:** Take control of your cooking with CT761 to precisely set your heating temperature from 40C to 230C. The built-in convection fan will help to distribute the heat evenly for better food textures and consistent result.

- **CONVENIENT PORTABLE DESIGN:** Robam design this steam convection bake oven to be used on the countertops in your kitchen, making it a great choice for apartments, renters, and kitchens with limited wall space.
- **SPACIOUS INTERIOR CAPACITY:** This convection oven features two easy-glide racks and 1 cu.ft volume, easily fit two 10-inch pizzas or two 6-lb fishes or 40 pieces chicken wings.
- **ALL OF THE FEATURES YOU WANT:** The CT761 features self-cleaning mechanism for the interior, auto-shut off technology, interior lamp, 3.17 gallon water tank, and low water alert.
